A bar chart comparing the number of households and children served by the Food Bank for Children in 2016 and 2017. The y-axis represents the 'Number Served' from 0 to 6000. The x-axis has two categories: 'Households' and 'Children'. For each category, there are two bars: an orange bar for 2016 and a blue bar for 2017. The data shows an increase in both categories from 2016 to 2017.

Category	2016	2017
Households	1600	3000
Children	4500	6000
