Dear Pacific Science Center,
Thank you for coming. Thank
you for teaching us a lot of
science.

Thank you very much!

Thank
You

Dear Pacific Science Center,
Thank you for teaching
us about robots we sent to
Mars and what they found.
I really enjoyed learning
about Curiosity. I can
use this lesson in the future
to learn more about our
future with Mars.
Thanks again, Neetika S

Dear SPSC,
Thank you so much for teaching this to us. My favorite planet that you taught us was Saturn. I knew the rings were made of dust but I did not know it also was made of ice.

Sincerely,
Charlie

SCIENCE

Dear Science Center Teachers,
I really appreciate that you came to our school to show us some really really cool stuff! And plus you guys did a lot of work with bringing in so much stuff for just one school! Also my favorite part was in the assembly when they exploded the shaving cream it was really cool! I really hope you come back some time!

Dear Pacific Science Center,
Thank you for coming all the way
to our school to give us a fun day
learning about engineering! It was a
spectacular experience! I wish I
could fill a whole page with nice
things about you, but unfortunately,
this is all I get.
Thanks again!

Dear Pacific Science Center,
Thank you for coming to Woodland to teach us about science. Today I learned the people who build large buildings are called Civil engineers. It was so cool and I'm pleased to have this experience.
Thank you!!!

Dear Pac Sci,

Thank you for showing and teaching us about some of the instruments involved in exploring other planets. It was also nice how you showed some methods scientists use to classify objects.

Thanks,

Thank you for presenting PAC SCI Robots .
It was cool to hear about all the new discoveries and
advancements in Robotics Engineering and space travel.
I didn't know they discovered water near the equator on Mars,
and I will now be checking the articles on NASA and European Space Agency
often for any new and interesting discoveries!

Thank you for taking the time to teach us about Mars and
robots.

Sincerely, Sydney ☺

Dear Scientists,

Thank you for coming to cedar valley. My favorite part was the spectrum glasses where we saw rainbows and other different colors. When we did the Spectrum glasses I felt curious and confused at the same time. And maybe I could visit the science lab some time.

To whom it may concern:

What a wonderful surprise to find out all our third graders get to go to the PSC for **FREE!!!** I want to personally thank you for considering Woodside Elementary School for this grant! Many of our students' only opportunity to go to the Pacific Science Center is on their school field trip. With school budgets getting so tight, it is becoming more and more difficult with your generosity making this possible.

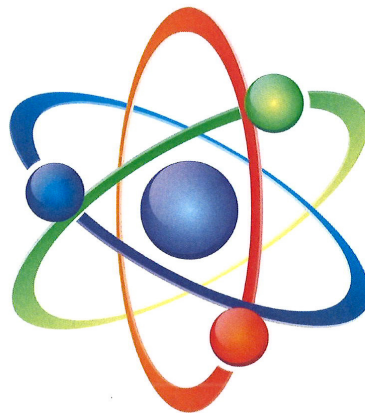

As an adult, we may not remember much about third grade, except for the fun fieldtrip. 😊 A field trip to The Pacific Science Center will for sure be a lasting memory for our students.

We are truly appreciative! Woodside is so lucky to have your partnership. Your contributions put smiles on many faces, including mine.

Sincerely,

Betty J. Cobbs
